There is a preliminary drawing of the new range on the web site at gallatingun.com.

The schedule for the new range is to have our drawings and required documents turned in to zoning in December. We can meet with the Board of Appeals the following month, January. We should be able to close on the loan in February, and begin construction in March. We hope to be able to start shooting at the range within 6 months after closing.

Wear your membership card while at the range.

Step behind the red line when the range is cold unless you are going down range to targets. Do not approach the bench or handle firearms, including pistols.

You are responsible for your guest's actions. They must read the safety rules before shooting.
