SAFETY AND HOUSEKEEPING CONCERNS:

- We are required to wear our membership cards while at the range.
- EMERGENCY PHONE NUMBERS POSTED AT THE RANGE: Any time there is an emergency TVA, Ron and Butch need to be called immediately.
- When throwing your own clay targets at the range, only one round is allowed in the shotgun, and only when you are ready to shoot, otherwise all shotguns must be unloaded.
- There are 1,100 construction workers working all the way around the gun club property now. Safety is extremely important. Make sure you set all targets at the base of the berms, never on top of the berm. One ricochet or stray bullet could close the range for good.
- When the range is "cold", do not handle firearms. This includes packing up and setting up. Wait until its "hot".
- NO STEEL CORE BULLETS FIRED AT THE GONGS. PMC X-TAC and Federal American Eagle are also using the 62g steel core bullet. It is the responsibility of the member to know what ammo you have, more info at:
<http://www.combatsimulations.com/ar15/manuals/tm43-0001-27.pdf>
- BIANCHI PISTOL PLATES ARE ONLY SHOT AT 25 YARDS. Do not shoot in front of the shed or move plates.
- You are responsible for your guest's actions: Guests must read the Safety Rules posted at the range before shooting.

GALLATIN GUN CLUB, INC. SAFETY RULES

The rifle/pistol range is for GGC members, their immediate family (same household), and guests. Limit 2 guests per day. Each guest is limited to two visits per year. You are responsible for your guest's actions. Guests must read the Safety Rules before shooting. Range is open during daylight hours only.

The first person on the range shall assume the duty of Range Officer (RO) until the RO, a Board Member, or the Chairman presiding over the match is present. Membership and TVA cards shall be worn at all times while on TVA property.

This is a COLD RANGE. All firearms shall be unloaded until they are on the line and all shooters acknowledge the range is "HOT". All firearms carried to and from the shooting area shall be either cased, holstered, or with the action open.

All firearms shall be pointed downrange or in the gun racks while in the shooting area. The action of firearms must be open when not in use.

EYE AND EAR PROTECTION ARE REQUIRED FOR ALL SHOOTERS AND NON-SHOOTERS while using the range.

The range is divided into Bench rest (left half: concrete benches) and Off-hand/prone (right half: gravel area). ALL wood benches in the bench rest and off-hand/prone areas are for GEAR ONLY. DO NOT SHOOT OFF THE WOOD BENCHES. All muzzles must be in line with the front posts of the rifle/pistol shed when shooting.

Members shall "CLEAR" the firing line with ALL shooters before going downrange. ALL FIRING STOPS, ACTIONS MUST BE OPEN and FIREARMS SHALL NOT BE HANDLED, including setting up and packing up to leave. After ALL shooters return from downrange, they shall acknowledge with ALL shooters present that the range is "HOT" before firing can continue.

The range has 25, 50 100, 200, and 300yd berms. No targets are permitted past 300 yds.

Members are responsible for bringing their own target stands and targets for practice. Do not use rocks or blocks to hold down target frames. Metal targets shall not be shot any closer than 100 yds. (Exceptions: 22 rimfire spinners and targets during a sanctioned match may be placed as close as 25 yds.) Police your targets, bowling pens, brass, boxes, etc. before leaving the range. Do not shoot bottles, rocks, blocks etc. Keep the range clean for mowing and the use of others. Please empty trash cans in the dumpster.

The Bianchi Plates are for all members. They are for HANDGUNS ONLY. NO RIFLES (or rifle conversions), NO SHOTGUNS, and NO MAGNUM handgun rounds. Plates shall not be shot any closer than 25 yds. and must be shot directly in front of the plates, not at an angle. EYE PROTECTION IS IMPORTANT because we do have ricochets and lead splatter coming back to the shed area.

No fully automatic weapons or "bump-firing" allowed. No tracers or any other incendiaries are allowed because of the risk of fire.

No armor piercing rounds or steel core rounds (LAP) allowed shooting steel plates (gongs). It is the member's responsibility to make sure their rounds are not damaging the steel plates or causing a fire hazard. Maximum cartridge is 338 Win mag. Members are required to pay for damaged plates if shot with AP rounds or cartridges exceeding the maximum.

Be aware of deer, turkey, and other animals on the range and ceasefire when they are present. The range property is managed by TWRA.

The TVA range across the gravel access road is off limits. DO NOT TRESPASS.

VIOLATION OF RANGE SAFETY RULES MAY RESULT IN SUSPENSION OR TERMINATION OF MEMBERSHIP
