We have a contract on property in the Bethpage area in Sumner Co. We are in the process of getting approval from the Board of Appeals for use of the property as a gun range. If this is approved we will go to the planning commission for rezoning approval. If we get approval for rezoning we will close on the property and start construction. This process will take a few months. We have to have site plans, construction drawings etc. to submit. I will keep you updated on our progress.

We ask you do not drive out to the property. First, there is nothing to see, the drive is uphill for 400 yards and a locked chain is across the drive 100 yards from the road. Second, we don't want a lot of traffic there to draw attention to the property until we have our approvals. I have attached an overhead view of the property. The drive entrance is located at 36°30'23.47"N 86°15'57.29W. You can pull it up on Google Earth.
